Understanding new processes and mastering new technology takes patience, understanding and time. We are here to help you transform the way you do business.

Why Transform?
Today, inconsistency, paper-based processes and redundancy drive our business.

It's time to rebuild our foundation. Through a multi-layered transformation of how we do business, we will reengineer processes, update technology and utilize standardization to create a world-class business foundation.

Transforming the way we do business.

Enterprise Asset Management (EAM)
- Decommission Maximo and Primavera to eliminate process and IT software duplication
- Expand SAP functionality
- Enhance processes with iPad mobile technology
- Provide timely, transparent and efficient reporting

General Ledger (Finance)
- Upgrade to cloud-based SAP S/4HANA platform
- Reduce complexity and inflexibility of financial structures
- Utilize standardization
- Provide consistent financial reporting
- Reduce paper-based manual processes

Human Capital Management (HCM)
- Rebuild the core human resources structure
- Automate work and approval flows
- Utilize SAP SuccessFactors to support recruiting, onboarding, compensation, career-path mapping and performance management

Benefits:
- STREAMLINED maintenance work order processes, reducing manual entry
- SIMPLIFIED, easier, improved financial reporting and tools, including capital project related-reports
- Integrated, ORGANIZED functionality from recruiting through retirement, reducing manual entry
- Easier, AUTOMATED payroll and timekeeping processes
- Faster, more powerful, yet lower-maintenance infrastructure

Phased Implementation

Enterprise Asset Management  Human Capital Management  General Ledger (Finance)
Phase 1 (Fall, Oct. 1)  Phase 2 (Winter, Jan 1)  Phase 3 (Summer, July 1)

Understanding new processes and mastering new technology takes patience, understanding and time. We are here to help you transform the way you do business.

Streamline. Simplify. Organize. Automate. transform.purdue.edu
