Purdue Undergraduate Research Presentation Application
The Office of Undergraduate Research (OUR) sponsors multiple research conferences each year, which are opportunities for Purdue students to showcase their research, creative endeavors, and scholarly activities (collectively referred to as "research") in an on-campus event. Projects may be completed or in progress.

Before continuing, note that you will need all of the following information to complete a full application:
Presentation title and abstract.
Availability of authors on presentation dates.
Name, e-mail, college(s)/major(s), and graduation term of every presentation author.
Name, e-mail, college/school, and role of every project mentor.

Project Title:

Project Abstract:________________________________________________________________________
Abstracts should 250 word or less.

Select the category that best fits your research project:

○ Life Sciences

○ Social Sciences/Humanities/Education

○ Innovative Technology/Entrepreneurship/Design

○ Physical Sciences

○ Mathematical/Computation Sciences

○ Fine Arts

Interdisciplinary Research: Identify whether your project fits the following definition:

"Interdisciplinary research is a mode of research by teams or individuals that integrates information, data, techniques, tools, perspectives, concepts, and/or theories from two or more disciplines or bodies of specialized knowledge to advance fundamental understanding or to solve problems who solutions are beyond the scope of a single discipline or area of research practice."

- No, my research project is not considered interdisciplinary.
- Yes, my research project is considered interdisciplinary.

Display This Question:
If Interdisciplinary Research Indicator = Yes, my research project is considered interdisciplinary.

Describe how your project draws from two or more disciplines to advance knowledge or solve problems.

________________________________________________________________

Archival Materials: Identify whether your project uses archival materials

Archival materials are records, documents, or data sets that were designated by an archival repository as permanent historical records, typically held in a repository such as university archives, government archives, historical societies, etc.

- No, my project does not use archival materials.
- Yes, my project uses archival materials.

Display This Question:
If Archival Materials Indicator = Yes, my project uses archival materials.

Please provide examples of the archival materials, including source, used in your research, and separate items in your list with a semi-colon.

For example, "Purdue University Libraries: Used campus photos from 1945-1950."

________________________________________________________________

If this project is/was partially funded by an undergraduate research program, list the program(s) below.
Would you be interested in learning more about publishing in the *Journal of Purdue Undergraduate Research*?

- [ ] No
- [ ] Yes

Which phone number can we use to contact you while you are at Purdue University? Use ###-###-#### format

Including you, how many undergraduate students are co-authors in this project?
(Enter a number between 1 and 10)

Following this question, identify each co-author, noting the following:
The names provided will appear in event publications. Be sure to use the name each author prefers in publications.
Consider "author order," and enter each person in this specific order.
Authors are undergraduate students; names of mentors (faculty, staff, graduate students, etc.) are provided later in this form.

Identify for each student author.

- [ ] First Name ________________________________________________

- [ ] Last Name ________________________________________________

- [ ] E-mail (Purdue e-mail preferred) ..............................................

- [ ] University Affiliation ________________________________________
At the end of which academic term will the first author graduate?

Select their primary college and major:

Applications require the primary Mentor to confirm presentation of projects.

Please discuss your application with your Mentor before submitting this application. Upon final submission of your application, your primary Mentor will receive a form where they confirm if this project can be presented.

Including the mentor who will confirm if this can be presented, how many total mentors do you have for this project?

Mentors typically include faculty, staff, graduate students, or post-docs.

○ 1
○ 2
○ 3
○ 4

Please identify your Mentors: If you have multiple mentors, this is the only mentor who will confirm presentability of this project.

○ Mentor’s First Name ______________________________________________

○ Mentor’s Last Name ______________________________________________

○ Mentor’s e-mail address (Purdue e-mail preferred)
  ________________________________________________________________

○ Mentor’s Organization______________________________________________
Which of the following best identifies your primary Mentor’s role on campus?

- Faculty
- Staff
- Graduate Student
- Post-Doc
- Not a Purdue Employee

Have you confirmed with your primary mentor that your project abstract can be published in an online abstract booklet?

- No, the abstract cannot be published
- Yes, the abstract can be published

Please double-check the e-mail address of your mentor(s). Upon submission, your primary mentor will receive an e-mail message asking them to confirm your project can be presented. Once they approve your project can be presented, it will be sent to the Planning Committee for review.
