The First-Year Investigators Program hosts new Purdue students to complete undergraduate research projects. As new researchers, we pair them with current or previous undergraduate researchers to mentor them. Peer research mentors are trained in Spring ‘23 and mentor in Fall ‘23.

If you have conducted undergraduate research **and** will still be an undergraduate student in Fall 2023, you are invited to apply!

**Space is available for current or past student researchers!**
Applications due November 18 at 11:59pm via OURConnect

**FOR MORE INFO AND TO APPLY**
1. Go to the Purdue OUR website
2. On the top menu, click “Students”
3. Select “First-Year Program”

If you are a first-year student and are not a current or past undergrad researcher, consider applying to participate in the FYI Program as a research mentee!
