Happy 2013!! Join us for the first monthly meeting of the semester!!!!

**January Meeting RSVP**

Our first meeting of the semester will be a workshop-style, interactive discussion on how women can become better negotiators. You will learn common mistakes that women make when negotiating, and how you can avoid them. This meeting will be led by Ellen Tobias, Senior Director of External Drug Product Operations at Eli Lilly and Company, and Terri Vicenzi, Vice President of Bioproduct Research & Development at Eli Lilly and Company. RSVP here:

**Where:** Location TBA
Small Group Redesign!!!

Be a Part of GMP’s Redesigned Small Groups

Many GMP members have indicated on our surveys that they would like to be a part of a smaller, more social group outside of our regular monthly meetings. Over the past 2 years, GMP has tested out different ways to create these groups. The groups seem to work best when one or two GMP members take the lead and create a group based on a common interest. The groups will be open and meet whenever and as often as they want. GMP will help advertise the groups and group meetings in order to connect more members. These groups would be open to anyone in GMP and would be join-able at any point in the semester - no time commitment required.

Right now, GMP is looking for anyone who is interested in leading a small group. If you might be interested in leading a group or participating in one, please fill out the survey below:
http://purdue.qualtrics.com/SE/?SID=SV_26pNzmvWWxL9JSR

There are currently two small groups planning to meet regularly: a knitting group and a thesis/dissertation writing group.

**For those of you who participated in small groups last semester and wish to continue, please feel free although GMP is moving on with creating these new groups. If you wish to make your current small group part of the new small groups, just let us know by filling out the survey or emailing wiepmm@ecn.purdue.edu
