GMP Support Hours
The Leadership Team is here for you….

- Need to discuss some new ideas?
- Want to practice communication and conversation skills?
- Have interest in GMP and WIEP opportunities?
- Would like to stop by and see a friendly face?
- Need to get out of the lab? Or just talk about life?

Wednesdays: 9:30-10:30AM
Fridays: 11:00 am -12pm
WIEP Graduate Student Office in ARMS 1245

More Healthy Balance!

Graduate women students: Is your schedule so busy that vending machine foods have become regular menu items? Do you sit for long hours in front of the computer with little time for physical activity?

Then join us for a workshop on healthy tips and habits for campus women:

Healthy Eating for Graduate Women
Speaker: Tricia Tort
Associate Director of Fitness & Wellness, Purdue Rec Sports
Tuesday, October 29, 2013
3:00 - 4:00 p.m. / STEW 204

Please note that this event is free of charge and a healthy snack will be provided. Click on the following link (https://purdue.qualtrics.com/SE/?SID=SV_eXV6JKdEmlgBzfY) to RSVP for this activity by Friday, October 25, 2013. Space is limited to 25 participants.
CONGRATULATIONS TO OUR TRAVEL GRANT WINNERS

These two successful women were this year’s Travel Grant winners. They each have been awarded up to $800 for conference travel expenses!

Caitlin Schram, CHE PhD with Prof. Stephen Beaudoin
“Polymer Inhibition of Crystal Growth for Improved Drug Solubility”
American Institute of Chemical Engineers Annual meeting, San Francisco, CA

Mary Jane Brennan, CHE PhD with Prof. Julie Liu
“Characterization of resilin-based biomaterials with tunable mechanical properties for cartilage engineering”
American Institute of Chemical Engineers Annual meeting, San Francisco, CA

Celebrating our Differences through Cultural Awareness!

The beauty of being different from one another is that we get to be both the student and the teacher, learning from each other as well as educating each other about the worlds we know and those we don’t. Being aware of each other’s cultures helps us understand one another and relate with each other better both socially and professionally. It helps us appreciate what is new to us as well as what is tradition. What strength there is not only in diversity, but more so in the knowledge of our differences, helping us grow both personally and as a GMP community! This year, we intend to increase our cultural awareness within GMP through cultural features, dialogue, delicious international recipes and more! Stay tuned!

A BIG Thank YOU from Angie!

I would like to thank all the international graduate women who were able to make it to the focus groups! Thank you for taking the time to provide us with your valuable contributions and feedback, and helping us to serve you better.
